VMAX[®] IP G4™ NVRs are easy-to-use PoE NVRs designed for quick setup and monitoring. A professional all-in-one recording system that combines **high-resolution recording**, **integrated PoE power**, and **intelligent remote access** through **C3™ CMS** in a single unit. Its **megapixel resolution** capabilities delivers crystal-clear images in resolutions up to 4K. Higher resolution delivers **forensic details when zooming** into the camera's field of view. These NVRs eliminate technical complexity while delivering **total control** from your **Android or iPhone**.

Model	DW-VG416xT	DW-VG412xT8P	DW-VG49xT4P
Channels/Ports	16-Channel PoE NVR	8-Channel PoE NVR + 4 Bonus	4-Channel PoE NVR + 5 Bonus
Max. Resolution	Up to 4K (3840x2160) at 30fps per channel		
Maximum Throughput	160Mbps	80Mbps	40Mbps

MEGAPIX[®] LPR™

LICENSE PLATE RECOGNITION IP CAMERA

MEGAPIX LPR is the ultimate automatic license plate recognition solution that transforms your parking lot into a smart security checkpoint. Capturing every vehicle that enters or exits your property at speeds up to 50mph from 60 feet away, this intelligent camera provides instant vehicle identification and automated alerts for banned or suspicious vehicles. Built to withstand Wisconsin's harshest winters with -40°F cold start capability, it delivers year-round protection when you need it most.

Model	DWC-MB45iALPRTW
Image Sensor	5MP 1/2.8" image sensor
Resolution	5MP (2592x1944)
Frame Rate	Real-time 30fps
Lens	6~50mm vari-focal p-iris lens
Lens Features	Motorized zoom and auto-focus
LPR Capability	Captures license plates up to 50mph
LPR Range	Up to 60 feet capture range
Smart IR™	80ft Smart IR™ with intelligent camera sync

SECURITY THAT STAYS LOCAL

Protect Your Business with Confidence

Advanced Security Technology for Every Business

Your business needs more than basic security cameras, you need intelligent surveillance that works as hard as you do. 24-7 & WWT proudly brings you Digital Watchdog's cutting-edge security technology, combining professional-grade equipment with 70+ years of local Wisconsin expertise.

Why Digital Watchdog Technology Sets You Apart

Every camera delivers crystal-clear 4MP to 4K resolution, while advanced AI analytics eliminate 90% of false alarms—meaning you get real alerts about real threats.

- **Professional 4K Resolution** - See every detail for positive identification
- **Advanced AI Analytics** - Reduces false alarms by up to 90%, automatically classifying the objects in the scene: people, cyclists, cars, buses and vans, trucks, motorcycles, bicycles and bags.
- **Mobile Control** - Monitor from anywhere via smartphone apps
- **No Monthly Fees** - Own your system completely

Perfect for Small Business & Enterprise

Whether protecting a single location or managing multiple facilities, Digital Watchdog scales perfectly. Small businesses love the plug-and-play simplicity, while enterprises appreciate advanced features like license plate recognition and multi-site management.

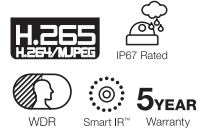

Typical Applications

- **Retail Stores** - Prevent theft, monitor customer flow, protect employees
- **Restaurants** - Kitchen safety, dining area coverage, parking lot security
- **Manufacturing** - Perimeter protection, equipment monitoring, safety compliance
- **Professional Offices** - Reception areas, parking lots, after-hours monitoring
- **Healthcare Facilities** - Patient safety, staff protection, compliance documentation

The following specifications detail each equipment line, helping you choose the perfect security solution for your unique business needs and budget requirements.

MEGAPIX V-CLASS IP CAMERAS - SPECIFICATIONS TABLE

Professional 4MP security cameras built for small business protection, delivering crystal-clear video day and night with intelligent analytics that detect real threats while reducing false alarms. Available in **Bullet**, **Dome**, and **Turret** designs for any installation need - from outdoor perimeter monitoring to discreet indoor surveillance - all with plug-and-play setup, **PoE/DC12V**, **IP67+IK10** and **5-year warranty**.
